

Crooked River Ranch  
June 9 – 13, 2025  
by Rose Mullgrav

The RVW Crooked River Ranch Rally was held June 9 through the 13, 2025 with 23 members attending. This year it was decided that we start the rally on a Monday and end on a Friday, which worked out very well. The agenda had to be altered to take the heat wave into consideration.

Monday afternoon started with the meet and greet. We had two new members join us, Lori Ferraris from Ashland and Carrie, whose last name I do not know, nor did I get where Carrie was from.

Unfortunately, one of our members, Emogene, had her RV awning ripped off by a wind gust. With the help of RV Women power, led by Jordy Jording, we were able to detach the awning and secure its arms so she could travel home. Heard she made it home with no problems.

On Tuesday adventurous ORVW members visited the Redmond Caves. The caves were created by the lava flowing from the Newberry Caldera south of Bend. When the lava stopped flowing it left behind what is called a lava tube. It was a “cool” experience on a hot summer day.

Tuesday afternoon we played card bingo where prizes were given to the winners. Later that evening was the potluck. The group liked the idea of utilizing the space by the RVs instead of the gazebo. In the future let's save money and not use the

Wednesday's activities started with putting at Eagle Crest Golf Course, which most members enjoyed.

Wednesday evening there was a sing along with our talented ukelele and guitar players.

Thursday started with breakfast. followed by rig christenings for Lynda Hagen, Jade Carter, Janice Rank and Lori Ferraris RVs.

After the christening a group participated in a geocaching activity led by Kathy Sheats. Almost all participants found a cache.
