

Oregon RVing Women
At Crooked River Ranch – June 14 – 17, 2019
By Kathy Okay

Growing by leaps and bounds, the Oregon chapter added six new members at our June rally in Central Oregon. A record forty-one rigs arrived to circle the wagons at the Crooked River Ranch high above the scenic Crooked River near Terrebonne.

Our days were filled with hiking at Smith Rock State Park or Steelhead Falls, swimming at the Ranch, trying one's luck at nearby Indian Head Casino on the Warm Springs Reservation or simply hanging out under one of the many trees in the park,

longing for a touch of breeze to alleviate the heat of the day. Two of our hosts who live at the ranch invited members to their home on Saturday afternoon to enjoy a panoramic view the beautiful snow-covered Cascade Mountains from their porch. Several women chose to pick up their clubs and head over to the golf club where they played 18 holes on the spectacular course.

We shared breakfasts and dinners and in the evening hours, played cards and board games in the gazebo. One member brought her telescope and set it up so viewers could have a glimpse of Jupiter and her moons as the planet rose in the eastern sky as day slowly turned to night. The craters of the full Strawberry moon were visible near Jupiter as well.

Sunday night we headed over to the Sandbagger Saloon where we were served a delightful dinner of lasagna and green salad or a veggie burger with fries. The next morning, many of the women pulled out with promises to meet again at Heceta Beach in Florence next month.
