

Oregon's RVW Rally Notes

Winchester Bay, Oregon; March 2022 by Joan Lease & Michelle Pelkey

The Oregon weather was its usual wind, rain, and sun! We celebrated the Vernal Equinox and the longer days that come with it. We had a

wonderful finger food potluck on Friday night. Evening activities included a trip to the century old Umpqua River Lighthouse for our nautically inclined members. This lighthouse is unique in that it is the only lighthouse on the Oregon coast with a red lamp. The gamers of course filled several tables at the clubhouse playing various card games, including the legendary Square 9.

Saturday morning, we had a lovely continental breakfast, coffee and lots of great conversations. We took a break between breakfast to walk our dogs (or visit our cats!) before our business meeting. Saturday afternoon was spent visiting, walking, playing cards or fixing some of the issues that popped up on our rigs. Saturday night, we had a potluck dinner and were serenaded by B. Gail with a lovely singing voice and guitar. The food was so good that most of us had to have seconds!

Sunday morning, we had another delicious continental breakfast, and then went out to christen rigs that are new or new to us. There were 7 rigs! We welcomed Lynda M (who has named her rig Michaelyn) and her dog Riley; Stephanie B (her rig is named Ruby, after its beautiful color-this is actually a hatchback type car set up for camping); Diane C (rig is called Journey, named after a wolf); Nancy F, with dogs named Moxie and Mika (rig is named Freya); Emogene H and her dog Angie, (who has named her rig Lucy); BethAnn B (whose rig is called Sophie); and Lois K whose rig is not yet named, but her dog is called Kayah. All received wishes of safe and happy travels.

Sunday evening, our group went to Bedrocks by the Bay for dinner. Yum! It's been years since I've had broasted chicken.

It was a great first rally of the season. People visited and got caught up after not really being able to spend time with each other. Hugs and laughter were shared.
