

Oregon RVW at McMinnville – July 18-21

Twenty-six RVing women enjoyed the July 19th weekend at Olde Stone Village in McMinnville. We were joined by new members and members traveling in the area. The park is lovely with well kept green areas between each rig as well as a beautiful club house and pool. With the weather sunny and in the high 80's, several of the members braved the pool full of children to cool off. Or maybe we just plain joined them as we are just big kids at heart.

As usual, the hors d'oeuvres and potluck were delicious. No one went away hungry. After dinner Friday night the hosts passed out an information scavenger hunt with interesting questions like "Who has been a member of RVW the longest?" or "Who has travelled to every state in the United States?" We found at least one person who qualified for every question and had fun getting to know each other as we did it.

There were games and puzzles each night as well as a terrific impromptu concert by the musicians among us Saturday evening. Since we were close to the Evergreen Air Museum, many members took advantage of that including the Imax Theater and visiting the famous Howard Hughes plane, the Spruce Goose.

Those who stayed through Sunday night had superb food and a great time at the Golden Valley Brew Pub. The rally was hosted by Becky Steward and Sharon Kelly.
